Meeting Minutes

TG motioned to accept the meeting minutes, LW second, Ayes unanimous.

Motion to renew NYSFOLA membership for \$175.00 TG motioned, KK second Ayes, unanimous. CSLAP paperwork is going in.

Lake Numbering Signs

Conesus samples were presented, a community member made an offer to offset costs. Discussion as to including the community in the numbering campaign on and off the lake. The board will get some more information and we will discuss farther.

Roadside Cleanup

JP Tentatively for May 11th. Checking with the church for the breakfast. Inmates on Good Friday. DL & JP will collect 4-26-18 the trash from the inmates.

Symposium & Annual Meeting

Discussion as to having multiple meetings or just the one annual meeting. Discussion to reserve the auditorium at the school. Attendance down for Symposium the public may not be interested in the science of the other lakes. If some news about the Lake should break, we can get in somewhere. Discussion as to bring in the public. Board seemed to be in agreement that for this year the annual meeting will suffice. Suggestion was to have annual meeting Princeton Hydro have a client meeting as to what the realities of the lake condition. Annual meeting 9 am to 11:30 July 13, 2019.

If folks are looking for a Symposium Finger Lakes Regional Watershed Alliance in August. Ventosa Vineyards in Geneva. Breakfast afterwards.

Grapevine

CS will contact Lindsay as the photo contest and the invasive list to be added.

Lake County Living Guide

DC the LCLG is at the editor getting looked at, an update will follow. LW wondering how many folks outside the lake front people should have the Lake Country Living Guide. Board is looking to expand the base of the Honeoye Valley Association. The original founders thought the HVA should be community wide not just the waterfront residents.

National Foresters similar concerns to ours for the Lake.

Discussion to promoting best watershed practices within the community's watershed. Talking about the care for private septic systems. Discussion to the more folks involved in the care of the lake the better for everyone. Advertise to generate more interest in supporting lake.

There was a discussion to circulate the Lake George item plus a watershed Friendly Living Guide for the entire watershed.

HAB program update

Alum treatment did not start it should happen in the spring. One ultrasonic buoy is being tested, along with the impact on the fish. Two lakes with hydrogen peroxide. As it breaks down it becomes water. One lake started early and went well another one did not fair out as well. Nothing new the earliest is spring of 2020.

Library is closed for the Jan. 22 and Feb. 18 meetings, CS will check for the Town Hall.

Next Meeting December 17th, 2018
6:30 – 8 PM Location TBA
