Meeting Minutes

LM Motioned to accept the April meeting minutes, TG Second, Ayes Unanimous

Treasure's Report

Motion to accept Treasurer's report TG, second DC, Ayes Unanimous

Discussion of the past due renewals with DL suggesting we all look at the list and provide any information we have about the past due folks.

See attached list and report.

Lake Update & Water Quality

TG regular water sample collection is ongoing. HAB's visual program continues with approximately 70 to 75 tests done in a season. With the current pandemic and associated expected budget cuts that number of tests may be reduced.

Aquatic harvesting is supported to continue by both the Town of Richmond and Canadice. It is suspected that FLOPA funding and County funding will continue. One employee will not be returning.

The Watercraft Stewart program will continue with social distancing in practice.

We are waiting confirmation for the \$30,000 aeration planning grant will continue.

LM has a flyer that is waiting approval from the Finger Lakes Institute.

Honeoye Lake Watershed Task Force & Communication Plan

The Honeoye Lake Watershed Task Force web site is up and receiving good feedback. This will evolve with future suggestions put forth.

Board discussion of a presentation given to the Canandaigua Lake Water Shed on water quality and aquatic vegetation growth are tied to warming trend, run off, and strong wind events.
